“A washed up rock singer has one last chance to save his career, his best friend, and his life by defeating a town of ancient, malevolent, vampires.”

In an effort to save his failing hair metal band MELODICA, lead singer GG McCOOL takes the group to Wurungi, an isolated country town offering big money to perform.

Unbeknownst to the band, Wurungi is home to an ancient vampire cult: FATHER MADDOX and his nest of vampires, THE DRACUUL.

To survive GG must defeat the vamps, save his best friend, rescue the girl and somehow find a way to make it back to the top of the chart

SYNOPSIS

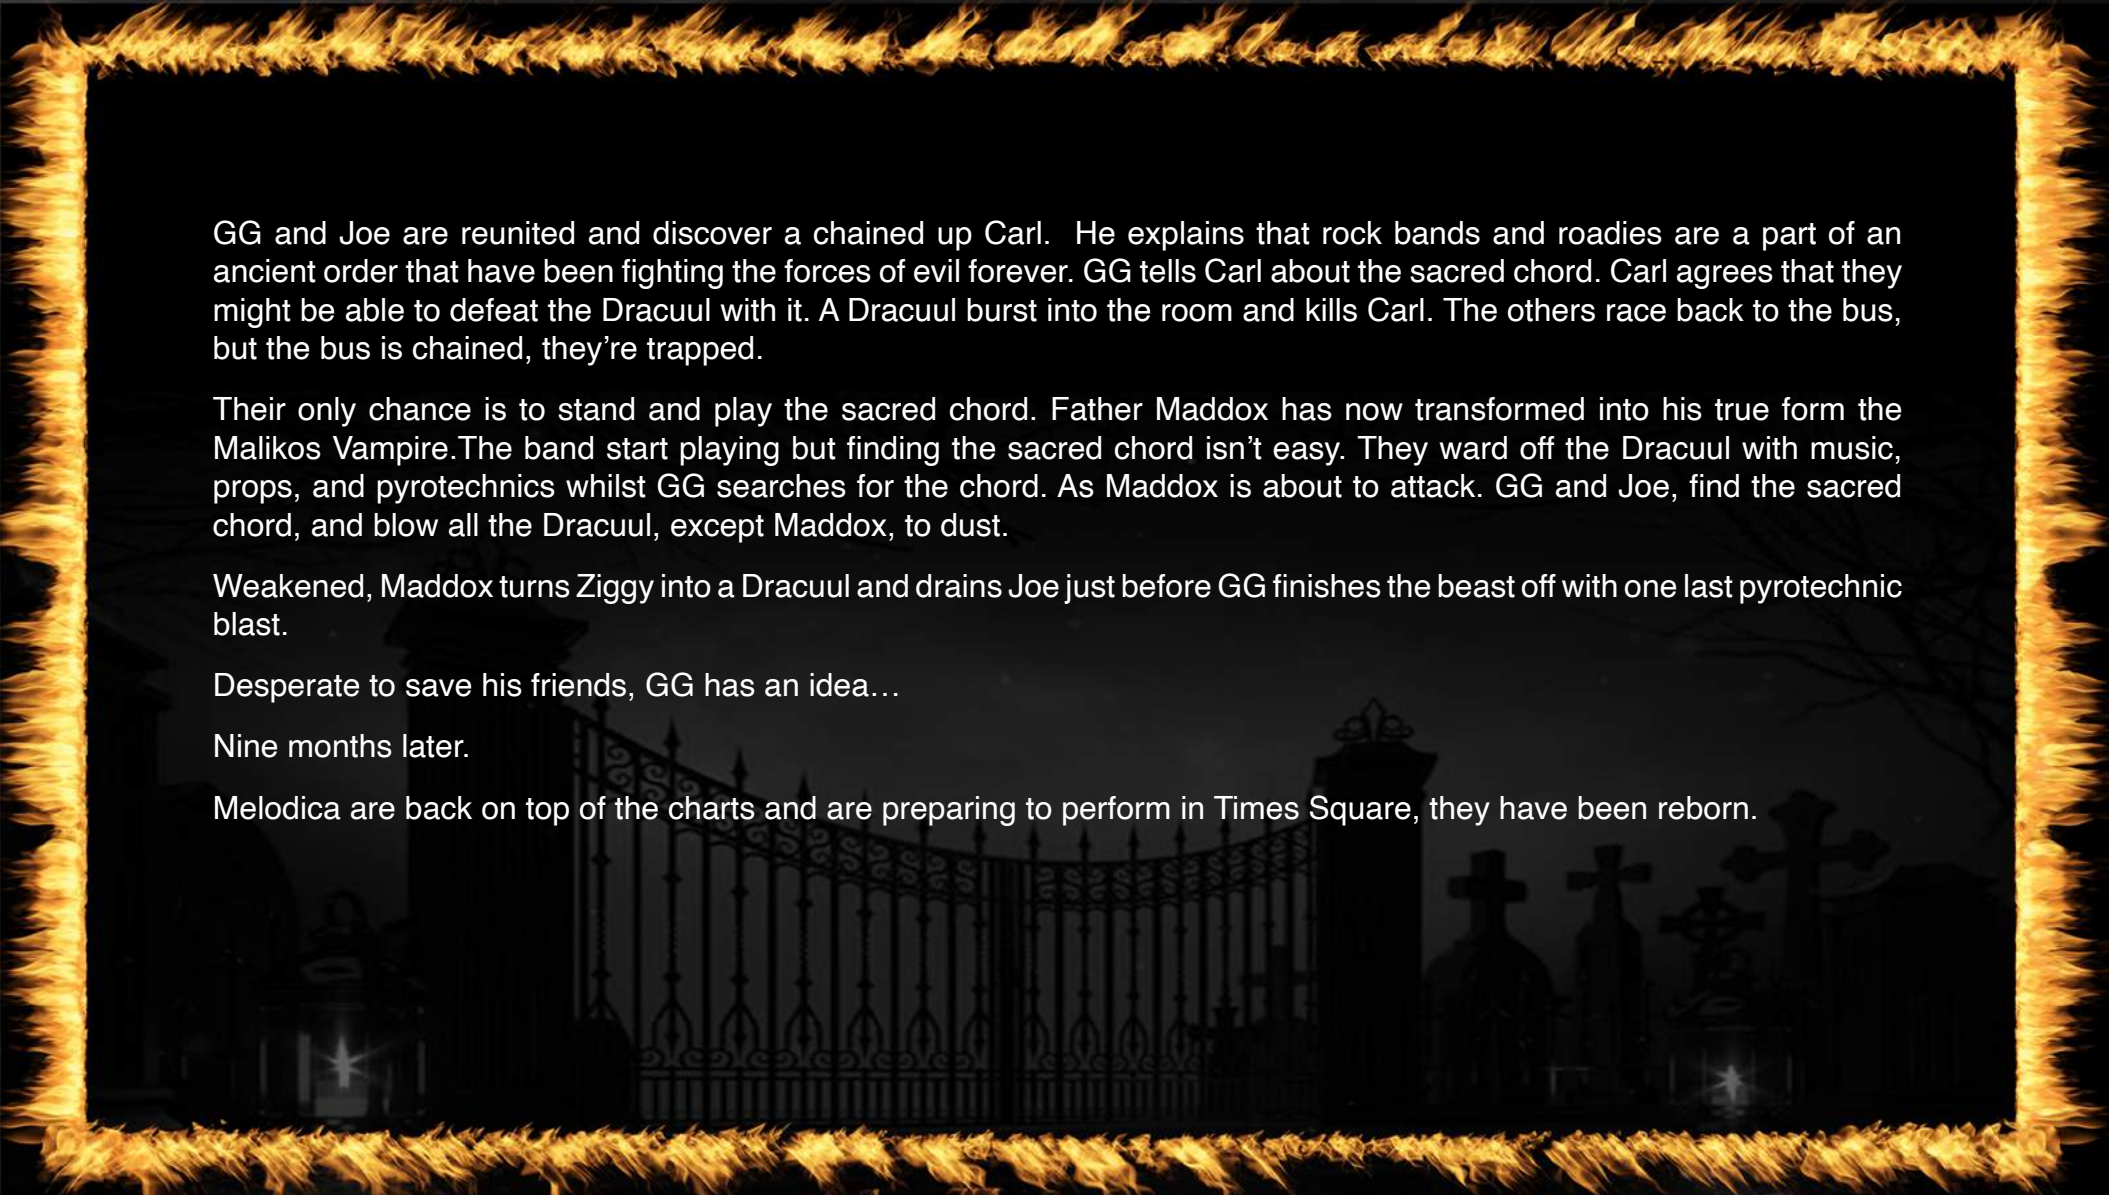

MELODICA, once a huge, hair metal band, is now on its last legs. Just held together by the band's founders, front man, GG and guitarist Joe. Joe is thinking of leaving. Vlad (a goth keyboard player) wants to play his music, Veg- Metal and Ziggy (guitarist) and Keith (drummer) are over it. Luckily at the last moment GG pulls a great gig in the remote town of Wurrungi.

Unbeknown to the band Wurrungi is home to Father Maddox, a Malikos Vampire, the most powerful vampire of all, and his brethren of lesser vampires, the Dracuul. The band is to be sacrificed to the Dracuul, as the townspeople need their blood to stay alive.

On arriving at Wurrungi the mayor's daughter, Emily, tries to warn a clueless GG to leave. Carl, the band's roadie and member of The Order Of The Road, slayers of supernatural evil, is suspicious of the town. He returns to their tour bus, where he is captured by Maddox.

The band ruptures again when GG discovers Joe wants to leave and the others are sick of GG's leadership. GG storms off.

Melodica play in the town square. The villagers hide in the town church and partake of the Dracuul's immortality granting blood. As the sun sets, the Dracuul attack and kill Keith. A solitary Dracuul attacks Emily and GG. As it lunges at GG, it hits his guitar, playing a strange chord, the Dracuul stumbles. GG is convinced the chord affected the beast. Meanwhile the other Dracuul stalk the band. Vlad who believes he is really a vampire turns himself over to his "brethren" and is ripped to shreds.

GG and Joe are reunited and discover a chained up Carl. He explains that rock bands and roadies are a part of an ancient order that have been fighting the forces of evil forever. GG tells Carl about the sacred chord. Carl agrees that they might be able to defeat the Dracuul with it. A Dracuul burst into the room and kills Carl. The others race back to the bus, but the bus is chained, they're trapped.

Their only chance is to stand and play the sacred chord. Father Maddox has now transformed into his true form the Malikos Vampire. The band start playing but finding the sacred chord isn't easy. They ward off the Dracuul with music, props, and pyrotechnics whilst GG searches for the chord. As Maddox is about to attack. GG and Joe, find the sacred chord, and blow all the Dracuul, except Maddox, to dust.

Weakened, Maddox turns Ziggy into a Dracuul and drains Joe just before GG finishes the beast off with one last pyrotechnic blast.

Desperate to save his friends, GG has an idea...

Nine months later.

Melodica are back on top of the charts and are preparing to perform in Times Square, they have been reborn.
